

August 25, 2023

It's been said that the only thing you can count on is change and Palmetto Community Health Care is no exception. Executive Director Kathy Grier, who has led the clinic for eight years, is leaving Aug. 31 for the York County Regional Chamber of Commerce. Our Practice Manager, LaTiffany Morrison, will serve as Interim Executive Director until a new director is named.

Kathy has been a tireless leader who directed our Covid response, identified the opportunity in Lancaster County, and oversaw our name change. She recommended enhanced employee benefits that attracted talented staff and strengthened our balance sheet and patient care with the help of our valued grantors.

Her staff development efforts enable us to rely on LaTiffany, providing time to review job descriptions and contemplate changes while looking for the best candidate. We hope we won't have to look too far.

LaTiffany joined the clinic in 2021, bringing experience in both patient care and practice management. A former adjunct professor of phlebotomy and EKG at York Technical College, her wide range of skills makes her as adept in training and coaching as she is in improving workflow and correcting deficiencies.

She completed leadership training at JP Morgan Chase and Atrium Health and is working to complete a business management degree from Western Governors University. This fall she plans to attend the Non-Profit Management Certificate Program, a program of the York County Regional Chamber Foundation.

Thanks to our dedicated staff and volunteers, I'm confident the clinic will run as smoothly as it always has. We appreciate your continued support and look forward to announcing a permanent replacement as soon as possible. Please feel free to contact me at wdrennan@comporium.net with any questions or concerns.

In the meantime, we wish Kathy the best in her new endeavor. Her leadership has been a gift to us.

Sincerely,
